

## Douglas

Towering up to 60 metres tall, Douglas is a tree that stands out. The grand expression is preserved in the planks, where the unique grain bears testimony to nature's power and beauty. We source our raw wood mainly from the Black Forest, and only the best of the 80 to 120-year-old trees have what it takes to get through the eye of the needle. It is this careful selection and the extraordinary craftsmanship that place Dinesen Douglas in a class of its own.

Douglas planks create a highly elegant and harmonious expression due to the extraordinary dimensions. An extravagant solution with clear references to the majestic Douglas tree. Choose between Classic and Natural.

### Classic

---

Subtle structure with a classic expression. Harmonious and calm. Fewer knots.

### Natural

---

Dynamic structure with a natural expression. Authentic and warm. More knots.

Planks in random lengths are delivered in available lengths. This makes for a fluid transition from one room to the next and a coherent expression that is perfect for many projects. Each plank is made as long as possible, which makes it possible to use a very high proportion of the raw wood.

Full-length planks are an elegant solution. The clean lines make for a calm expression and can be used to highlight the architecture of a room. Full lengths are a good choice if you want a simple and clean expression. It takes large amounts of raw wood to produce full-length planks, so delivery time may be long.

# GrandPattern

GrandPattern is an option where large planks are laid in familiar historical patterns. A modern solution with respect for history, which takes on a contemporary and exclusive appearance due to the proportions.

## Herringbone

## Mosaic

## Chevron

## Bond

The material consumption of Chevron is higher than the other patterns as the planks must be customised individually.
