

Ash

The ash tree, characterised by its enchanting contrasts and extraordinary strength, is currently threatened by a fungal disease called *Hymenoscyphus fraxineus*. Our promise of being both passionate about and respectful towards nature is the driving force behind this collection. The collection only consists of trees whose faith was already to be cut down. The purpose is to treat nature with as much respect as possible and translate it to aesthetic experiences at home.

Dinesen Ash combines the essence of Nordic aesthetics and craftsmanship with a personal expression. Every single plank of ash tells its own story – what they have in common is the uncompromising quality that characterises the Dinesen tradition of inviting nature inside.

Classic

- Most common selection, only contains heartwood planks
- A Nordic expression which resembles the structure of Douglas and the strength of oak
- Few or no knots

White

- Limited availability only, and typically in smaller dimensions
- Light, discrete and uniform
- Few or no knots

Natural

- Rich in structure and colour variations
- Varying amount of heartwood that adds a rustic appearance
- Planks with and without knots

Ash

Planks in random lengths are delivered in available lengths. This makes for a fluid transition from one room to the next and a coherent expression that is perfect for many projects. Each plank is made as long as possible, which makes it possible to use a very high proportion of the raw wood.

Ash GrandPattern

GrandPattern is an option where large planks are laid in familiar historical patterns. A modern solution with respect for history, which takes on a contemporary and exclusive appearance due to the proportions.

Herringbone

Solid planks laid in a herringbone pattern is a timeless solution. Choosing large dimensions in the individual planks takes the classic pattern to new heights with an impressive expression and an elegant look.

Mosaic

The mosaic pattern is a classic solution which achieves a new and elegant expression with solid planks in larger dimensions than what is traditionally used. The pattern can be individually customised and attracts attention with its extraordinary dimensions.

Bond

The planks are laid in a bond, giving you the option of putting your own personal touch on the expression in your choice of dimensions. A traditional solution that creates a smooth transition and a beautiful interplay between the solid planks.
